EC Directive 89/686/EEC

EC Type-examination

Issue 1

PPE Product

DuPont™ Tychem® F Accessory series of garments, manufactured using grey Tychem® F fabric with sewn internal seams with external over-taping. The garment styles & size options are as follows:

- a) Gown (shin length) with closure at back, elasticated sleeves, which is available in two nominal sizes; Model PL50.
- b) Apron (shin length) with neck & waist ties, which is available in one size only; Model PA30LO.
- c) Sleeves (50 cm length) with elastics at cuffs & upper arm, which is available in one size only; Model PS32LA.
- d) Overboot (knee length) with a slip retardant sole stitched to the fabric (not a liquid-tight connection), which is available in one size only (maximum shoe size that can be worn is 45 (UK size 11); Model POBA.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements of the relevant harmonized standard:

EN 14605:2005 + A1:2009 (Protective clothing against liquid chemicals) for partial body protection against liquid chemicals (Type PB [3]).

The manufacturer's information notice (Tychem® Accessories, August 2013/1/V1), in English, has been inspected and found to have addressed all of the relevant requirements of the standard. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file reference: Tychem® F Accessories, August 2013/1/V1
