

PRODUCT INFORMATION

Tubular foil

Tubular foil for the tabletop sealing unit PolyStar®

Scope and properties

- + **Area of application:** The tubular foil has been designed for shrink-wrapping of pharmaceuticals using the above named tabletop vacuum sealing apparatus.
- + **Properties:** The polyethylene tubular foil is extremely tear-proof, expandable, and weldable. The material has a high degree of flexibility and is water-vapour proof.
- + **Limitations:** Sharp or pointed objects or paraphernalia must not be shrink-wrapped. Materials, with changing or deteriorating properties must not be shrink-wrapped.

Types

Item no.	Size (± 10%)
48 003	200 mm x 0,05 mm x 200 m
48 004	200 mm x 0,10 mm x 100 m
48 005	220 mm x 0,05 mm x 200 m
48 006	220 mm x 0,10 mm x 100 m
48 007	200 mm x 0,20 mm x 100 m
48 014	280 mm x 0,10 mm x 100 m
48 015	320 mm x 0,05 mm x 200 m
48 016	320 mm x 0,10 mm x 100 m
48 018	400 mm x 0,10 mm x 100 m

Waste disposal

Material	Polyethylene – special composition
Colour	transparent

The tubular foil is rolled on a plastic core, Ø 75 mm.

Waste disposal

Waste in need of surveillance¹⁾ (Waste disposal key: 18 01 04 gem. 2000/532/EC), in cases of heavy contamination- waste in need of special surveillance¹⁾ (Disposal key: 18 01 08* in compliance with 2000/532/EC); collect and dispose of separately! When the air supply is sufficient and the temperature high enough polyethylene will burn completely with a high heating value to produce carbon dioxide (CO₂) and water (H₂O).

¹⁾: If a product contaminated with cytostatics was sealed in the tubular film.

Quality management system

Our **quality management system** is **tested and certified** to DIN EN ISO 9001:2015 by the TÜV Product Service GmbH (a certification body of the German Accreditation Council). Regular **audits and production site inspections** guarantee the quality of our products.

Storage and transport conditions

- + Dark (protect from direct UV- and sun light)
 - + Protect from heat and radiation, Dry (Relative humidity 30-60%)
 - + No contact with sharp and/ or pointed objects
-

Shelf life

3 years from the date of manufacture
